Both sisters were wearing necklace with a special sparkly rainbow rock. They signaled each other to take it out and blow on it at same time. Then magically candy packs appeared which they passed in all other classrooms in the school. Kids named them as super girls.

There was an emergency call for help. Super girls blew on their rainbow rock at the same time and got beautiful wings. Both flew to the emergency spot immediately.

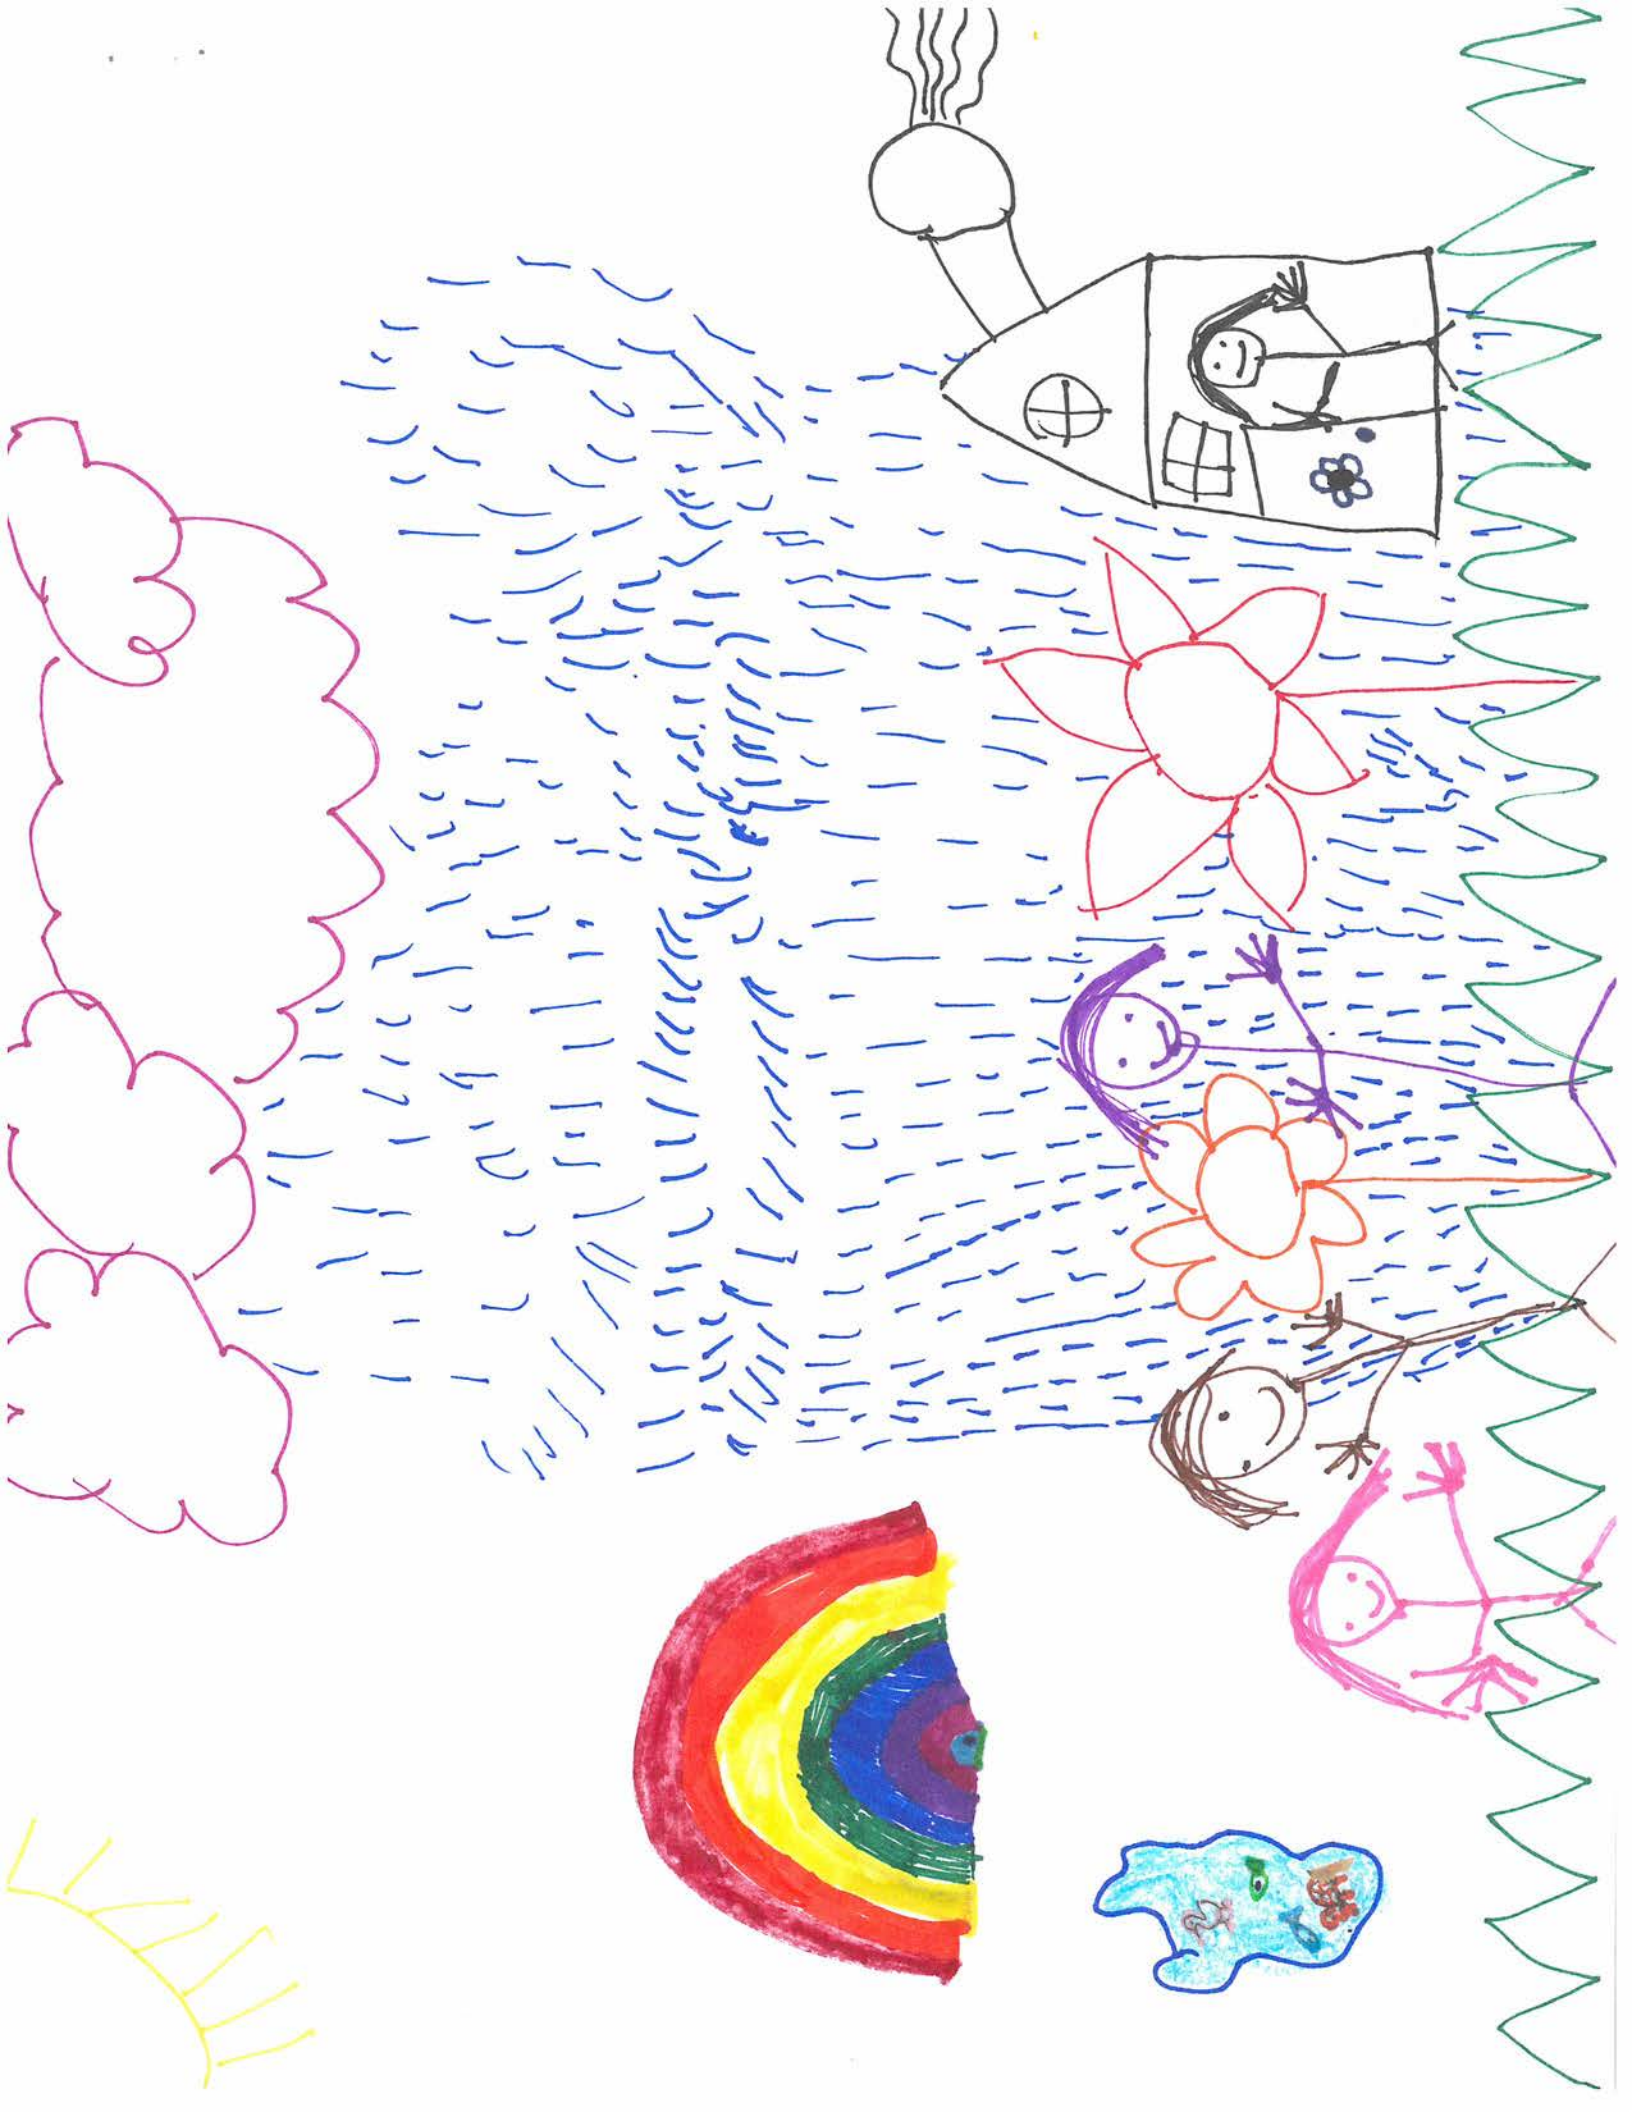

When they got there, there were huge snow mountains every where and people were calling for help.

Girls took out a magical pipe and pushed a button on it. All the snow went inside the pipe. People cheered happily as all snow is gone and soon spring returned.

Beautiful Spring

Girls flew back home and magically took their wings off. Both enjoyed their cool Birthday Party with family and friends.
