

"Xanders Plane"

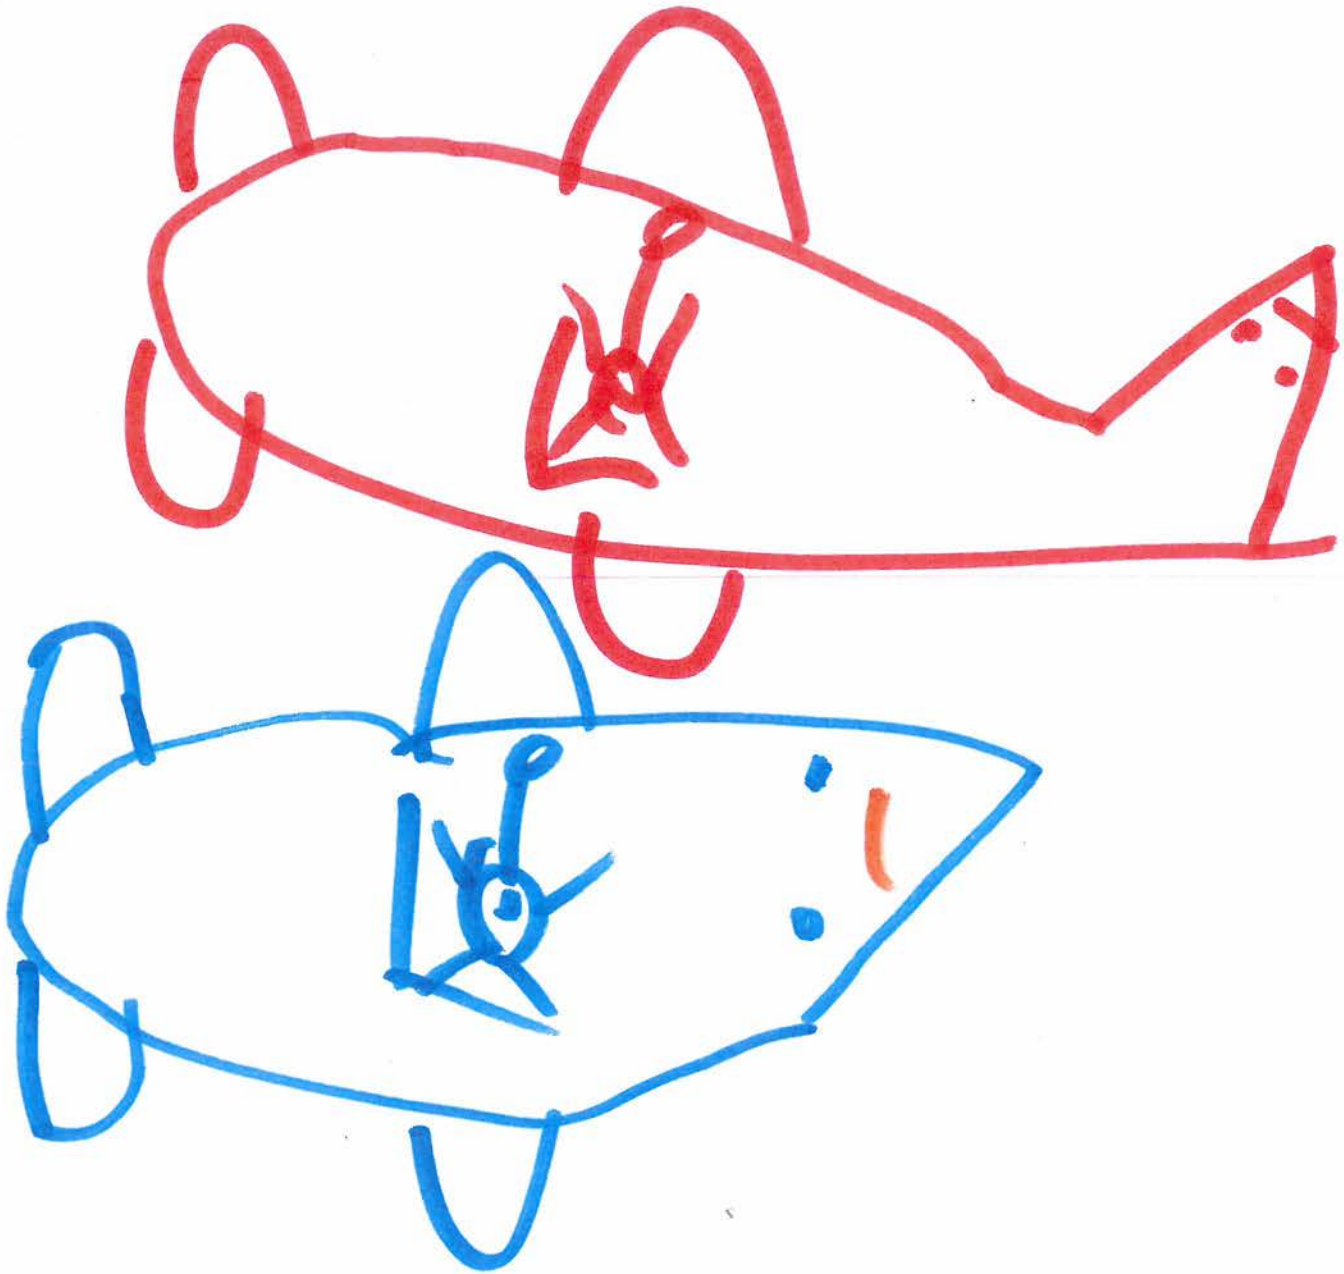

By Xander Edwin

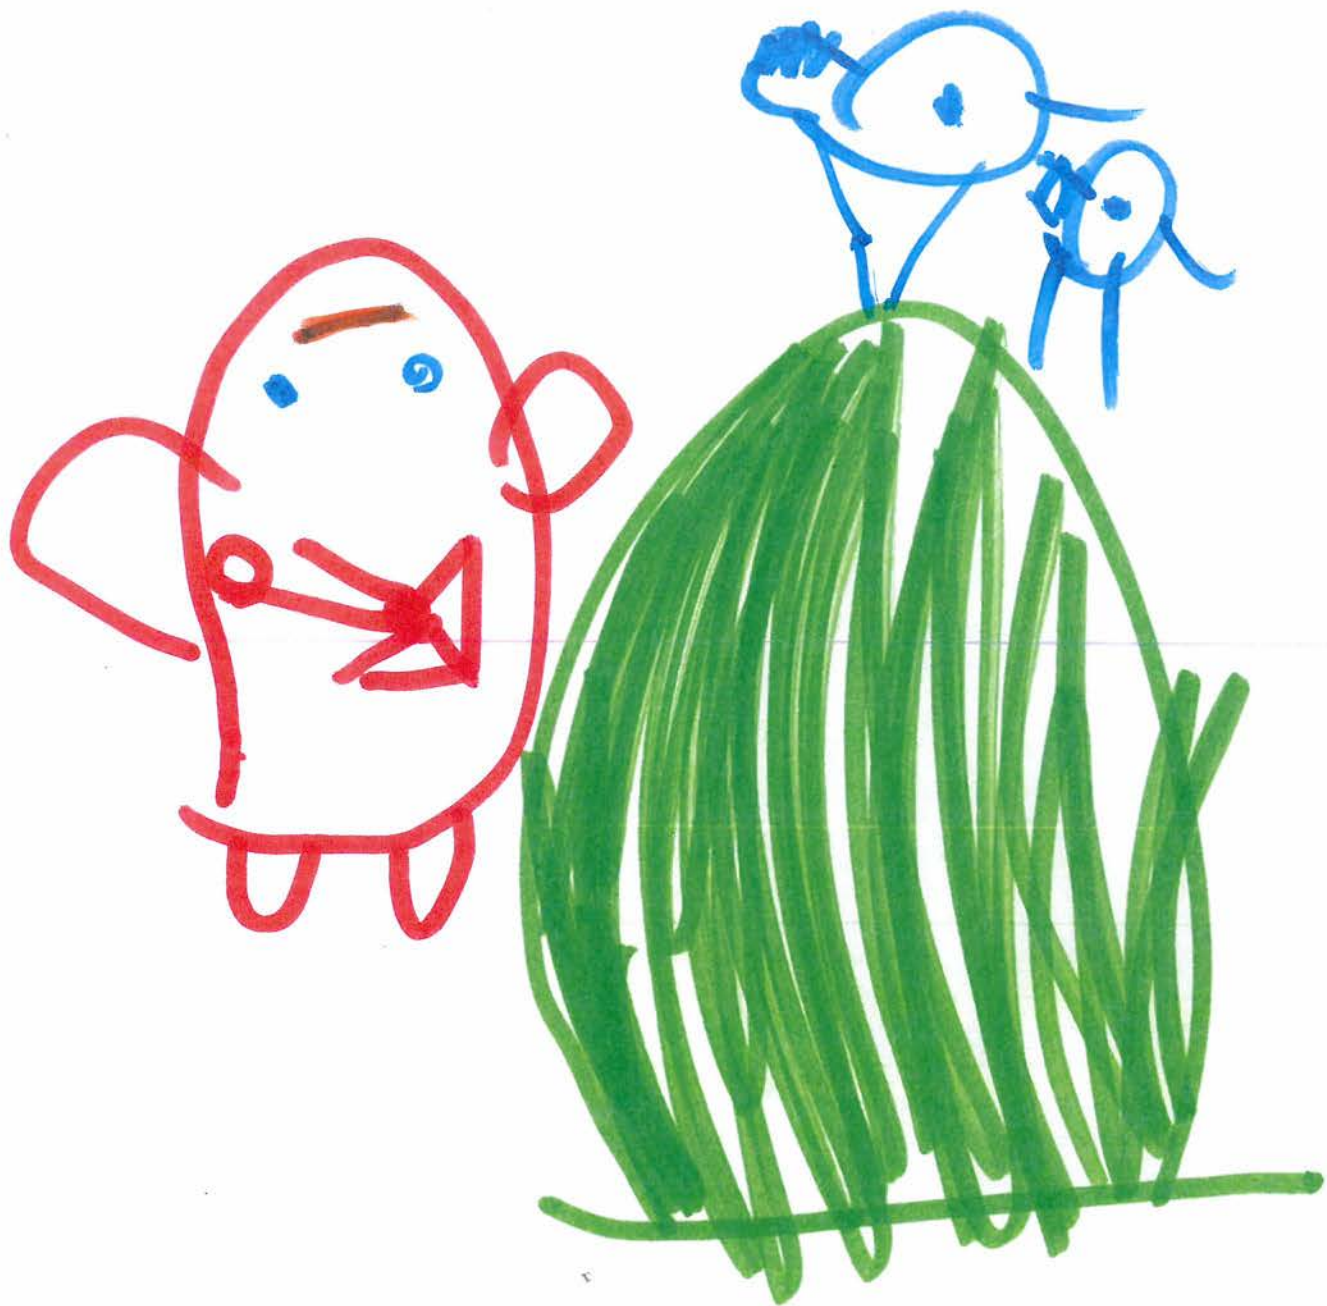

Xander went on a trip to Florida in his plane. He saw pols, hotels and animals from the sky.

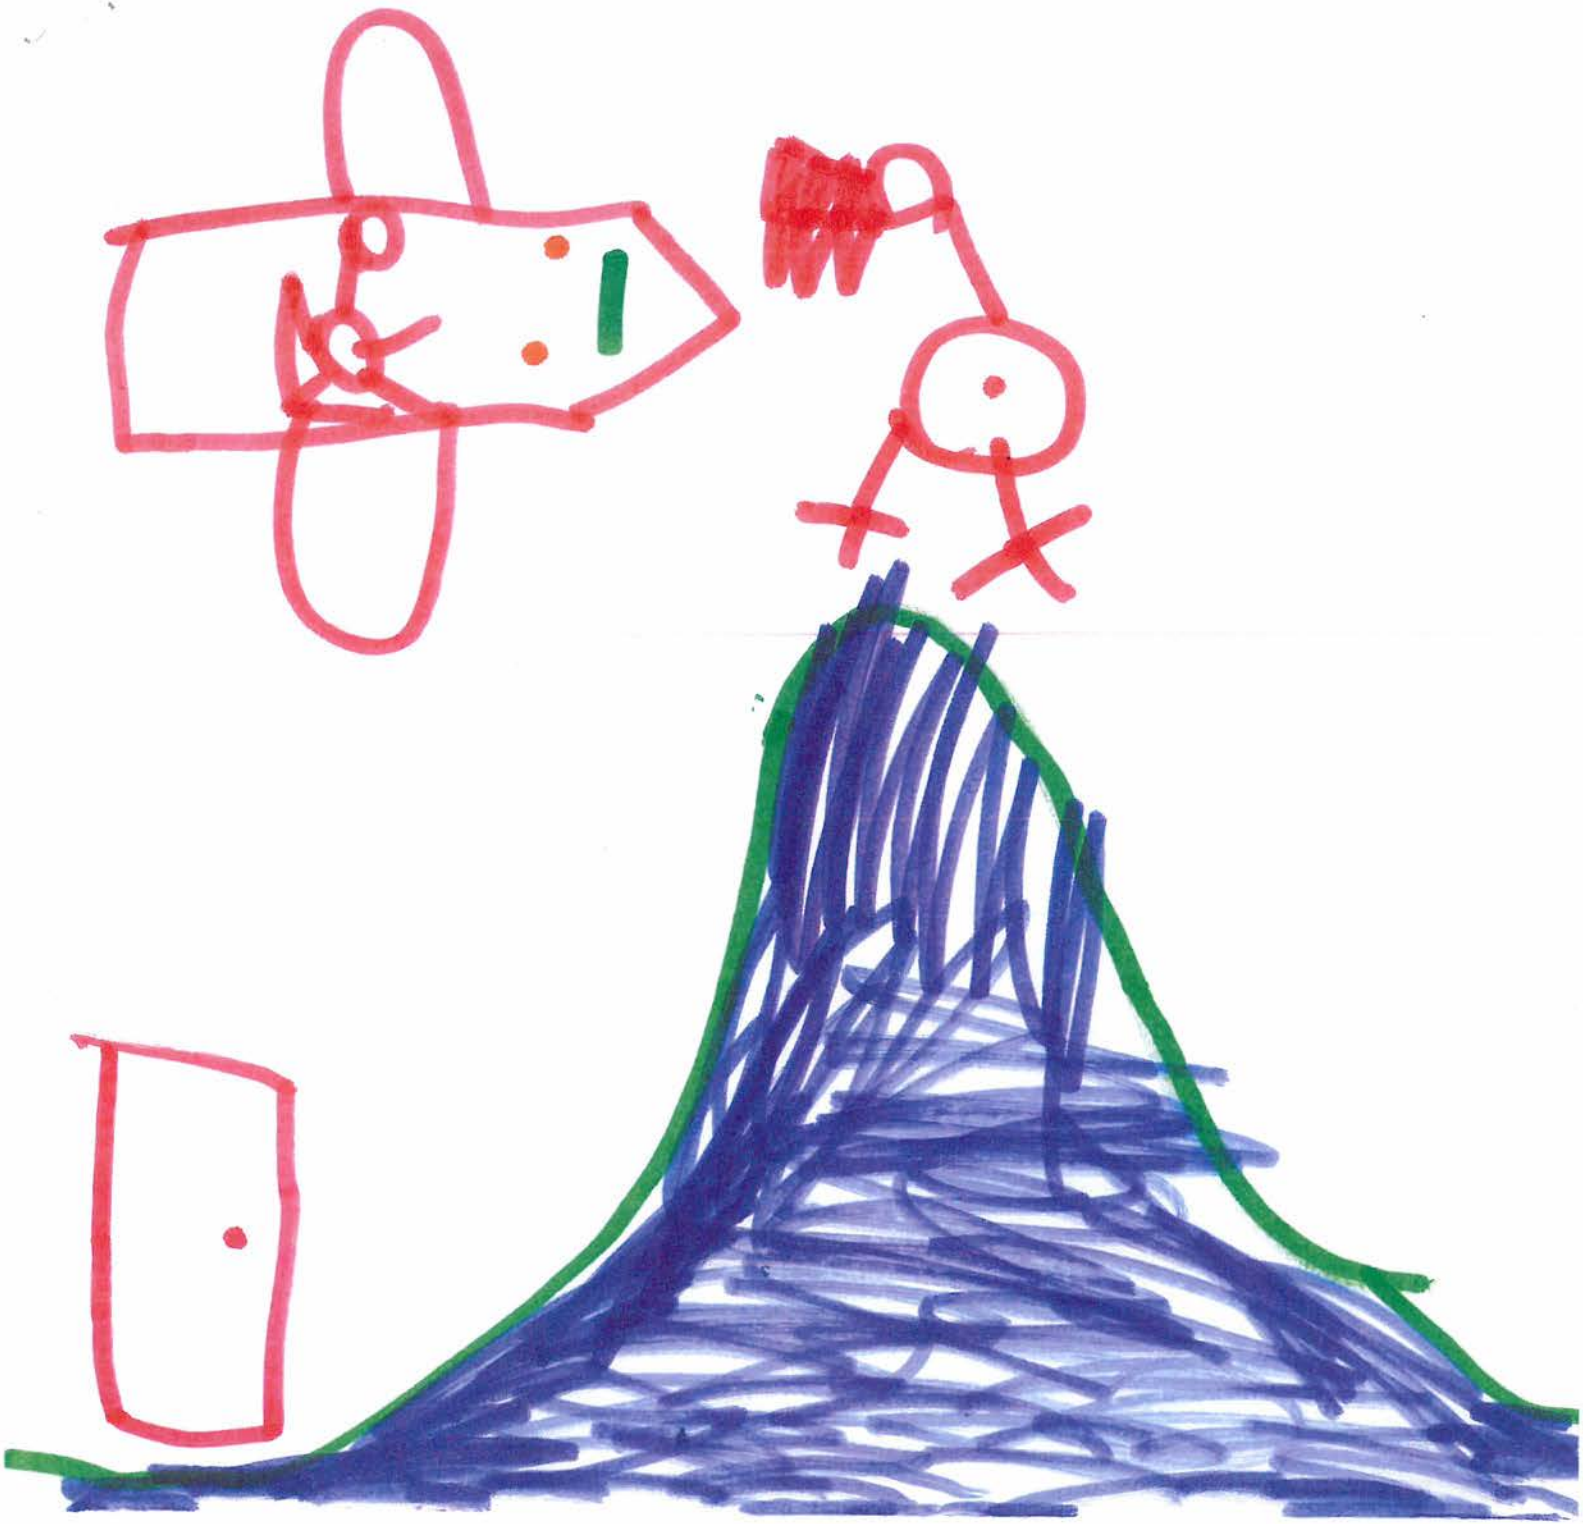

He won 100 races in his jet plane, it was the fastest plane in the contest.

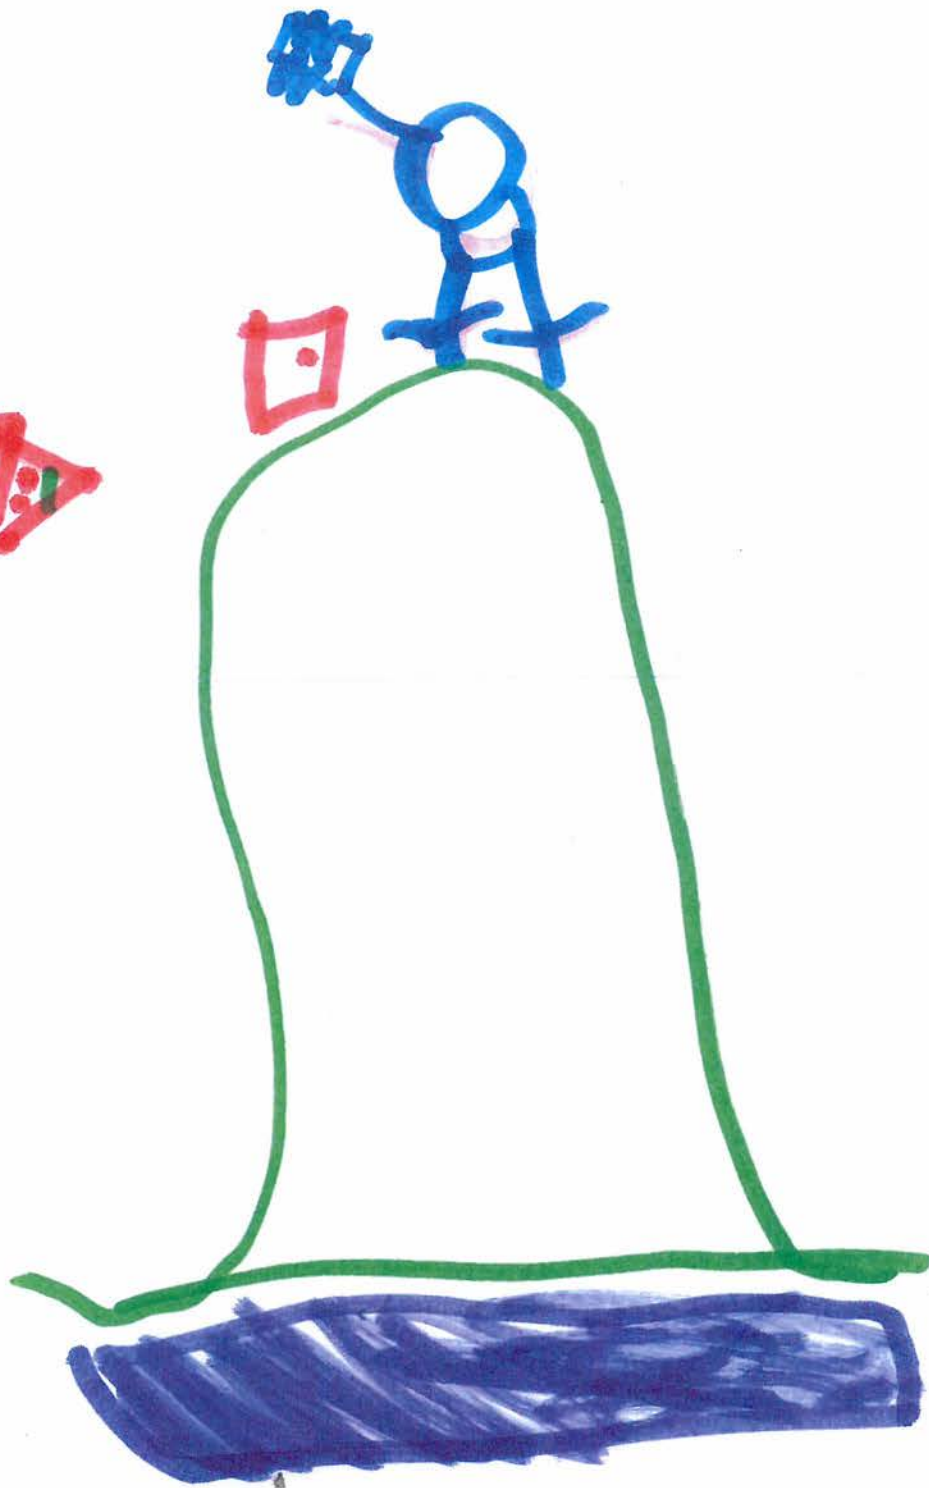

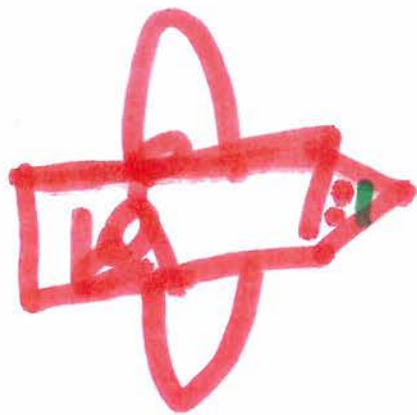

Xander's plane was even faster than the Wheel World plane and it was famous!

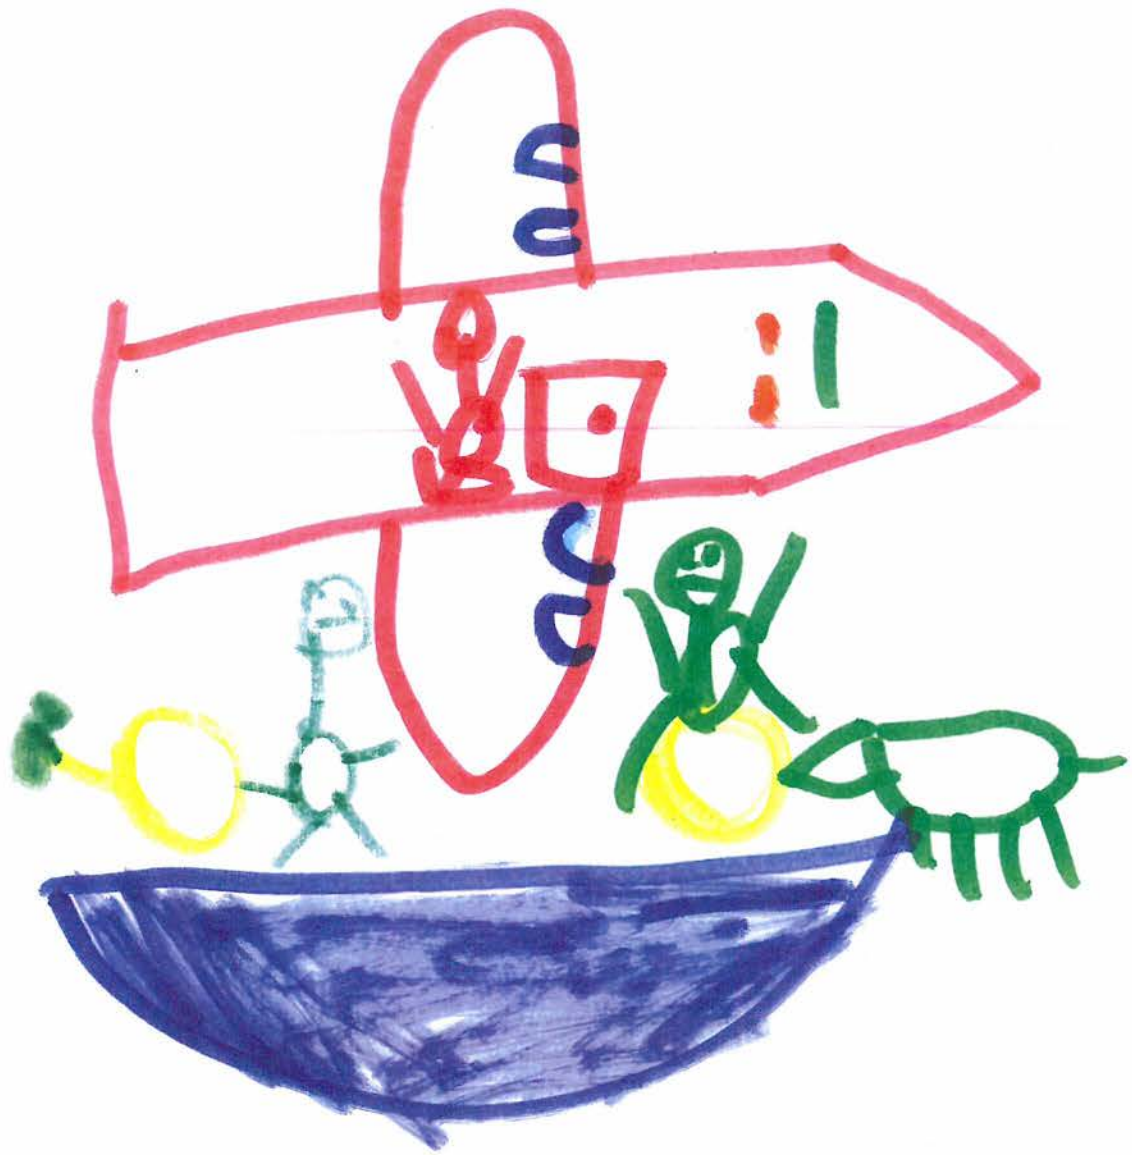

There were lots of dinos on the hill and he zoomed past the T-Rex.

The T-Rex was so mad that he ate the door of Xander's plane!

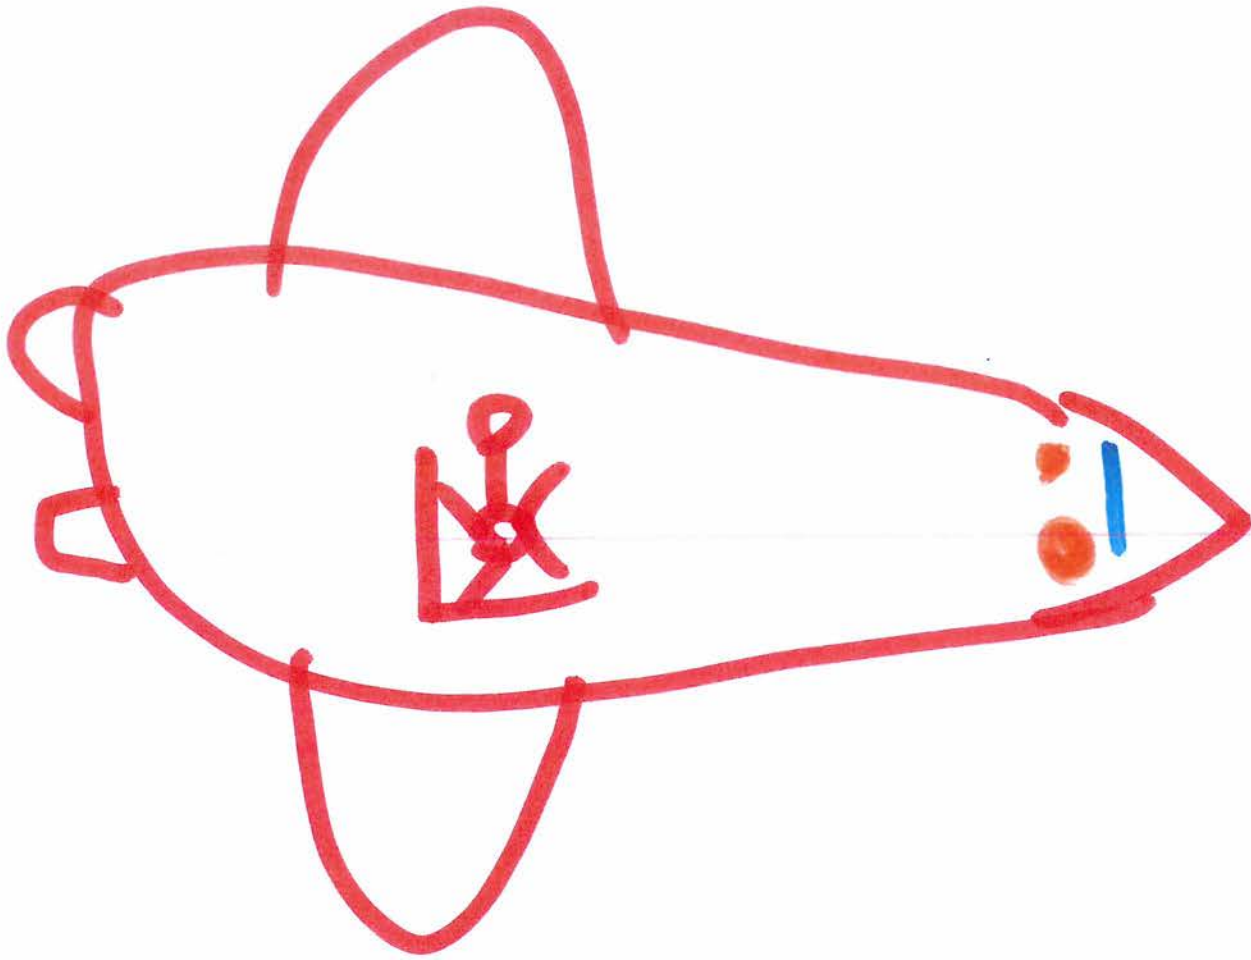

The door tasted like strawberry juice and he spit it out and went home.

The next day he went in the pool and then went flying home.

Xander flew his plane home and was safe all night.
