Skittles the

Rainbow Zebra

There once was a zebra
named Skittles. She did
not fit in with other
zebras because she was a
rainbow zebra!

Even though her family loved her she still felt like something was missing.

One day she saw a group of unicorns and they had rainbow hair. She wanted fit in with them so she made a horn and taped it to her head. She starts to run around and plays with them.

They were having so much fun. Then suddenly her horn falls off and they know she is not a unicorn! She ran and hid in a nearby bush to cry.

Finally, she stopped crying
and when she looked up
she saw a rainbow zebra
just like her! Skittles
was so excited!

“What is your name?” asked Skittles. “My name is Sprinkles.” said the other zebra. Sprinkles did not have any family or friends like her either.

“Do you want to be my friend?” asked Skittles.

“Yes!” said Sprinkles! They had finally found what they both were missing. They decided to be best friends forever!

The end
